

MILDRED GERMAN GRANT FUND
BETA SIGMA SEATTLE CHAPTER OF DELTA KAPPA GAMMA
Application Form
(revised 4/3/2021)

PURPOSE: In order to advance the professional interest and position of women in education, the Beta Sigma chapter of Delta Kappa Gamma (DKG) seeks to endow grants to aid women educators in pursuing coursework that will enable them to achieve a higher level of competence. This would include graduate studies from an academic institution, a certificate/endorsement program in a specific field of study, or any type of coursework that would enhance the applicant's ability to serve their student population. The funds for these grants are provided from a variety of fund-raising activities this chapter supports.

CRITERIA:

1. Applicant must be a woman already working in the educational environment in a school-based setting.
2. Applicant must be enrolling in a course in the field of education or a related program. Examples of acceptable programs include, but not limited to, school-based speech therapy, physical therapy, occupational therapy, nursing, social work, psychology, counseling or educational support.
3. The grant may be up to \$1000 but will be based on what you require. If you are pursuing a specific course separate from a degree course, you will need to provide a copy of the coursework application which you wish to pursue as well as the cost of this coursework.
4. Applicant must be recommended by a member of Beta Sigma Chapter.
5. Applicant must submit a completed Beta Sigma application along with a one-page essay. (See D below).
6. If awarded a grant, the recipient will attend a DKG meeting to receive the grant. We meet five times a year.
